

Specialist in the Spotlight

An orthopaedic surgeon is a medical professional who specialises in diagnosing, treating, preventing and rehabilitating musculoskeletal injuries and diseases, both surgically and non-surgically, in people of all ages. The musculoskeletal system includes bones, joints, ligaments, tendons, muscles and nerves.

Mr Robert Din

ChM, FRACS ORTH, FRCS TR+ORTH
Orthopaedic Surgeon

Born in England and educated at the Manchester University Medical School, Mr Din went on to complete surgical Orthopaedic training with the Royal Australian College of Surgeons.

After completing his basic surgical training, Mr Din was selected to undergo advanced training in Orthopaedic surgery by the Australian Orthopaedic Association and was awarded a Fellowship of the Royal Australasian College of Surgeons (FRACS). Further to this, he has earned a FRACS (Tr+Orth) in Orthopaedics, a Masters Degree, MCh in Orthopaedic surgery and he has specialist registration in Trauma and Orthopaedics with the Australian Health Practitioner Regulation Agency.

With extensive experience in joint replacement, arthroscopy, upper limb & lower limb Orthopaedics, as well as treating foot and ankle conditions, Mr Din also offers his expertise in medico legal reports for insurance, accident claims and WorkCover.
